MP-100 SATIN DRESS PANT

Our clothes are targeted towards free spirited individuals who dare to stick out. The colorful and playful designs are for young free thinking people who are bored with the overload of basic clothing and would like to have more statement, art and fun in their urban fashion.

Our international team of designers is growing every season. The collaboration between fashion designers, graphic designers and pattern makers is very tight and important. Their aim is to be as close as possible to the consumer. We feel that this is the way to ensure that every new idea and design meets the expectation of our customers.

The patterns for our clothes are studied and modified every season to follow the constantly changing trends and to make sure they fit perfectly. This constant evolution guarantees our brand to achieve a better fit with every collection, and satisfy the expectations and demands of the customers. The response to the latest collections (INSOMNIA) has been very positive and inspirational.
